

FIG. 1

A cross-sectional view of a multi-layered structure. The structure consists of several layers. The top layer is labeled 56A. Below it is a layer labeled 56B. The middle section is labeled 56C and contains a central vertical channel. This channel is filled with a material labeled INK. The channel is flanked by two vertical walls, each labeled 56D. The walls are separated by a gap labeled AIR. The bottom of the channel is labeled 56E. The entire structure is shown in a cross-section, with hatching used to indicate different materials or layers.
